

A Message From Our Executive Director.

James Jackson

We think every community should be healthy and strong. Every child should have a good education. Every citizen should feel financially stable. We win by living united, by forging unlikely partnerships, by finding new solutions to old problems, by mobilizing the best resources, and inspiring individuals to join the fight against a common foe: each community's most daunting social crisis. Our goals are pretty ambitious, but if you join us, we can do it together. That's what it means to **LIVE UNITED!**
